We are finally finding out that the little black bugs seen crawling around downtown Cameron earlier this week are ground beetles.

County agent J. D. Moore said the bugs are classified as a beneficial insect. He said they eat other forms of insect life and feed on vegetation.

Favorable weather conditions made it possible for the bugs to appear in such abundance.

100 — 100 — 100

This is the second bug invasion this year. The hardy crickets made several attacks in the downtown area, but succumbed to cold weather, poisons and human determination.

The beetle invasion is the first in our recollection in recent years. It's always been the crickets.

These autumnal invasions are vaguely reminiscent of the Biblical plagues of old that tested man's ability to withstand or served to chastise him.

From the record of bug invasions this fall, though the cricket was not as prolific, we might say Cameron and other Central Texas towns have had their share of endurance tests.

100 — 100 — 100

Stan Williams, the Baylor All-American who addressed the Quarterback Club barbecue Monday night, noted his and other athletes' amazing desire to excel.

He cited Raymond Berry, currently one of the best pass receivers in professional football, who was laughed at all the way through high school and college ranks. Yet he snags about 10 passes a game for the World Champion Baltimore Colts.

100 — 100 — 100

Williams said Berry has one leg shorter than the other and is comparatively slow for a professional athlete. But his determination and endless practice developing his reflexes proved successful.

The tall Baylor grad also recalled his own training practices which drew catcalls and kidding from his schoolmates in Cisco when he was in high school.

He proved to be one of the five best pass - receivers in Southwest Conference Football history and All - American his senior year in 1951.

We wonder if his detractors did as well in their chosen field?

## Police Report

### 2 Minor Wrecks

### On City Streets

Police Chief Chester Simons reported two minor accidents this week on Cameron streets.

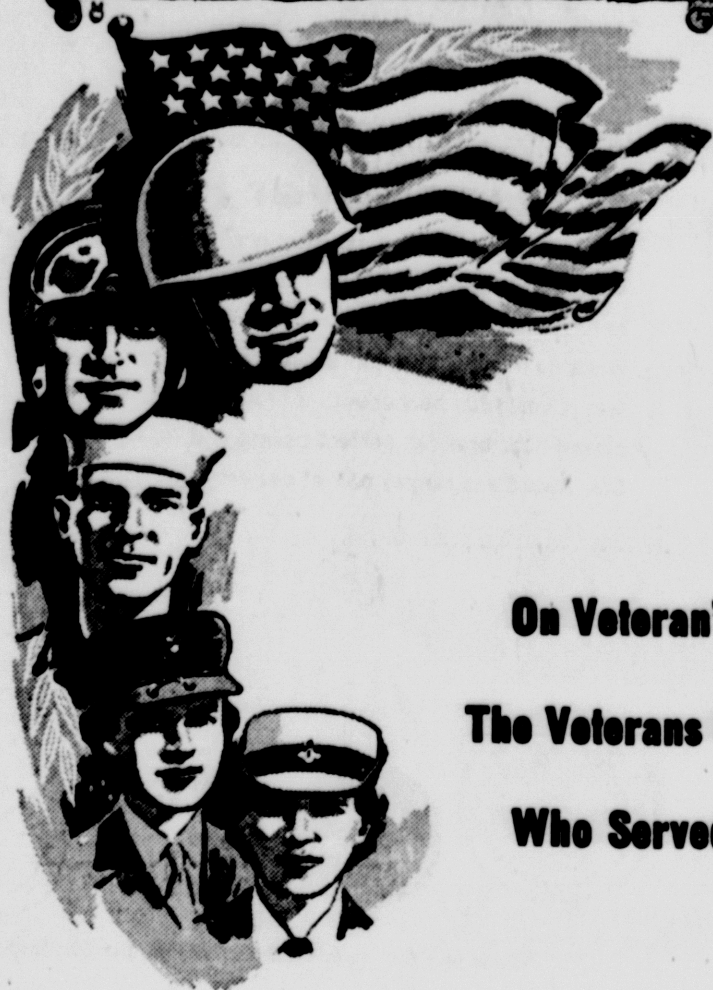

He said a 1949 Chevrolet driven by Brown L. Stinnett, 35, Cameron, struck a parked car owned by Calvin H. Smith, Cameron, about 2 a. m. Sunday. The collision occurred at Fourth and N. Austin. Each car had an estimated \$100 damage.

Chief Simons said Stinnett was ticketed for striking a properly parked car while a companion riding with him, Paul Cavit was arrested for public intoxication.

In a second collision this week vehicles driven by Mrs. Ethel Crider, 51, Cameron, and Jimmie C. Patterson collided in the 300 block of Central Avenue. The collision occurred about 8:15 Monday.

Damage to the Crider car was set at \$75 while Patterson's two-ton 1959 truck went undamaged.

## Rotarians Endorse Building LL Park

The Cameron Rotary Club Wednesday unanimously endorsed plans for raising \$2,000 for a 1,000 seat Little League-Team baseball diamond after a talk given by Chief Chester Simons, vice - president of the Cameron Little League.

Simons told Rotarians that the city had already budgeted \$1,000 for the project for lights and provided equipment and labor to clean trees off the old Milam Institute Grounds which was donated for the park by the Cameron School District.

### Unanimous Consent

Rotarians voted their unanimous consent to participate in a fund-raising drive for the additional \$2,000 outlined by Simons and needed for fences, backstop and other equipment.

Simons said Mayor Bassel Wilson, president of the Little League, and he had located some surplus wooden bleachers at Fort Hood which can be bought. Wilson has put up a fund for their purchase until money is available to buy them, Simons said.

The bleachers would seat 1,100 people, the big Cameron police chief said, more by far than enough for present needs, but plenty for additional future fans.

City workmen have removed some large trees from the property which is large enough for a 275 - foot field, Simons continued.

City equipment also would be used to level the ground.

He said plans included chain - link fencing and a backstop as well as the bleachers. The field would be large enough in size to accommodate the needs of Little League, Babe Ruth and high school team specifications.

Last summer, the Little League had five teams and the Babe Ruth League three teams. Part of the \$2,000 would go for bats, baseballs and uniforms to replace those already worn out, he said.

### Need Facilities

Several Rotarians voiced approval of the project and noted the inadequacy of the present diamond on school property.

Simons was presented by W. L. McIntosh, program chairman. Simons went on to say that the Association has no funds at present other than the \$1,000 budgeted for its use by the city.

The Rotary Club and a number of civic organizations have furnished teams with uniforms in previous years. Some of these have to be replaced about every two years, Simons noted. He coached the Rotary Cats, Babe Ruth team last summer.

The Cameron school board earlier this fall granted the Milam Institute grounds to the city for use as a baseball diamond.

## City To Start Twice-A-Week Garbage Service

Twice - a - week garbage pick-up and trash removal services will begin Monday as the city puts its second garbage truck into operation.

Public Works Supt. J. B. Earle showed the rebuilt 1952 Dodge unit to councilmen following a regular Tuesday meeting.

He said total cost of purchasing and rebuilding the unit is about \$1,300, well under the \$8,000 budgeted for a new vehicle and packer unit.

It was purchased from the City of Bryan for about \$550, Earle said.

The new vehicle will give Cameron two garbage truck units and will allow enough equipment to start a new service of picking up trash along with garbage.

Earle said an exact schedule will be announced after a trial period of work. The city is presently picking up garbage on a one - a - week basis with one truck.

An additional crew will go on duty next week, he said. The city budget was doubled for garbage pickup, allowing for additional workmen and mileage for the new truck.

The move will give Cameron up - to - date garbage service, Earle said.

"We hope this additional service will help Cameron in a weekly clean - up campaign in addition to the annual fall and spring civic drives," Earle said.

## Panel Clears

## Damage Question In Senkel Suit

A Milam District jury panel Tuesday found that water diverted by a State - emplaced culvert was not the proximate cause of damage in a suit filed by Ernest Senkel, R. 1 4, Cameron.

Senkel had filed for damages of \$7,960 to a cantaloupe crop he had planted in the spring of 1957 after the State Highway Dept. had built a dam and culvert along his property as part of new FM Rd. 2347.

The road has been started in January, 1957, his petition said. After hearing witnesses and counsel examination both for Senkel and the State Highway Dept., the panel returned answers to "special instructions" required by law in the civil action.

The panel also found that the market value of the cantaloupe crop in question was \$880.

The original suit was filed in District Court May 19, 1958. The Texas House of Representatives passed a concurrent resolution authorizing Senkel to start proceedings.

Senkel charged in his original petition that the state - built dam and culvert caused water to flow onto land where he grew the cantaloupe crop.

The jury members were: Oscar Zott, Earl L. Voskamp, A. J. Jungmann, Frank Freytag, Fritz S. Dornhoefer, foreman F. H. Scarborough, Leon Albrecht, E. F. Vaculin, Pat M. Sanders, L. J. Matula, Joe S. Hickman and Milton J. Falkner.

## Police Pick Up

### 19 Stray Dogs

Police officials said that 19 stray dogs had been picked up in the past two weeks and destroyed in a drive to clear Cameron of stray animals.

Chief Chester Simons also noted that a number of tagged pets were picked up and returned to owners.

Police are carrying out a campaign to rid Cameron of stray, unclaimed dogs that are running the streets, Simons said.

He urged that dog owners have their animals vaccinated by a veterinarian for rabies and to bring the receipt to City Hall for a city dog license costing \$1.

## Drive Extended

## Fund Has \$4,287

The North Milam United Fund drive has been extended at least two more weeks as \$4,287 in contributions were announced this week by Fund President E. O. Schiller, Jr.

The NMUF has planned to complete the drive by October 31, but the first total reported was \$2,162 last week, according to Drive Chairman Wayne B. Wieser.

A goal of \$10,700 has been set by NMUF officials for the Milam area north of Little River. A similar drive is being conducted in Rockdale and South Milam County.

Wieser and Co-Chairman W. C. Wallace urged workers in Cameron and all North Milam Communities to make their contacts for round-up total contributions to be made.

The drive is the fourth annual drive in North Milam County Wieser said. Last year about \$8,000 was raised.

Participating this year are: Boy Scouts, Girl Scouts, Red Cross, Salvation Army, Heart Fund, Milam Charities and Library Fund.

Schiller listed additional Cameron or Milam County firms or individuals contributing more than \$50 to NMUF. They are: Safeway Store, Inc., Hornung Brothers Hatchery, Walled Lake Door Co., Esslinger Grocery, Santa Fe Railroad Foundation and McLane Wholesale.

Workers will continue to make contacts for pledges and contributions, Wieser said, until every card has been checked out. He reminded that pledges can be made payable quarterly.

The drive would extend to about November 15, Schiller said.

## Officials Say

## Damage Slight; Few Limbs Down

Winds up to 70 m.p.h. intensity lashed Cameron in the wee Wednesday morning hours, accompanying driving rains that washed down Cameron streets.

But damage reports were comparatively light as both county and city officials noted some fallen trees and twisted television antennas.

Police Chief Chester Simons told The Herald Wednesday that about four large tree limbs were crashed to the ground by the wind, but that greater damage was not reported.

He estimated the wind velocity went as high as 70 m.p.h.

County Sheriff Carl Black said he had received no reports of major damage in the county. The wind - rain combination also struck the Rockdale and South Milam County area.

Rainfall was estimated at about 3 of an inch.

Trees in the Courthouse Square on E. Eighth St. and in other parts of Cameron lost some huge limbs, ripped down by the heavy winds.

A brief power failure occurred, but was corrected in short time during the night.

The sun came out Wednesday morning in the brightest day of the week. It had been cloudy most of the week, pushing the humidity high with showers over the weekend.

Cameron insurance agencies said it was a bit early as of Wednesday morning for damage reports to be called in, but noted slight damage to any personal property other than television antennas.

The thunderstorm was part of a rough area of turbulent weather that struck North Texas from Waco to Wichita Falls.

## 'Catfish' Smith To Speak Monday To Quarterbacks

Milburn A. "Catfish" Smith, Baylor University freshman coach, will be the featured speaker at the Cameron Quarterback Club's ladies night meeting 7:30 p. m. Monday.

Quarterback President Dr. S. H. Richardson said that coffee will be served following the program.

Smith is well known in Southwest coaching circles.

He was a high school athlete at Winfield and Mt. Pleasant. At East Texas State College, he starred in three sports before graduating in 1934.

He coached state championship and finalist teams at Carey, Texas, and regional champions at Mt. Vernon High School.

In three seasons as head coach at East Texas State, he compiled a 30 - game winning string lost only two times and was named 1953 Southwest Coach of the Year.

Before joining Baylor University's coaching staff, he was coaching at Langview High School. He joined Coach John Bridgers' staff this year.

He is also an immediate past president of the Texas High School Coaches Association.

## Here's Weather Forecast

### WEATHER FOR THE WEEK:

The axis of the "Jet Stream" continues to line itself up, north to south from the Canadian Border to Brownsville thus giving most storms developing in the Polar regions an uninterrupted sweep into Central Texas. ## Cameron To Play In Grid Loop 19AA

Cameron has entered into a new athletic conference designated 19AA and joined with some traditional grid rivals.

The official announcement of a new 19AA conference followed a meeting of school officials from Hearne, A & M Consolidated, Caldwell, Rockdale and Cameron here late in October.

The move became imperative, officials said, when Belton, currently in 18AA with Cameron, passed the 400 - plus minimum student requirement for AAA athletic competition while Rogers and Rosebud would drop back to Class A ball with smaller enrollment figures determining the move.

The new lineup will bring A & M Consolidated into district competition with the Yoemen for the first time while Rockdale and Caldwell are old athletic rivals of previous years.

Supt. Wiley Loughmiller was named permanent chairman of District 19AA and acted as temporary chairman.

The group also voted to hold an organizational meeting 9 a. m. November 16 in Cameron to organize a junior high school schedule for member schools. It would mean a junior schedule for students of eighth grade level or below with the top age limit set at 15.

Cameron drew the bye in the first week of 1959 - 60 grid conference play, allowing a pre-dis-

trict breather for the Yoemen, rated by Coach Jim Speer a psychological advantage before entering the conference race.

Officials agreed on a pre-game ceremony lineup that follows current practices of pre-game toss with officials, school songs, playing of the Star Spangled Banner and pre-game prayer.

Penetrations in the new conference would again determine the district's playoff representative if two teams finish with identical won - lost records. Cameron lost the 18AA title in 1953 on penetrations, 2 - 1.

Discussions also include decisions on color of jerseys worn by conference teams, equal division of the gate and sharing costs of grid competition.

The new conference completed Cameron's 1959 - 60 schedule which will be:

## BU All-American Talks At Banquet

About 200 Quarterback Club members, YHS varsity football players and coaches heard Stan Williams explain his experiences in American and Canadian football at a barbecue Monday night at the First Methodist Recreation Center.

Williams, an all-American end for Baylor University in 1951, advised his audience that hard training and sacrifice of luxuries helped in his ambition to be an outstanding grid star.

He was introduced by Charlie Burke, Cameron, himself a former Baylor quarterback, who helped Williams select Baylor to play his college football. Burke knew Williams, now a salesman living in Waco, when the tall, blond professional gridder was playing high school football at Cisco.

Burke also displayed a two-foot high trophy to be presented to the outstanding junior or senior football player at the annual football banquet in December. Burke said the honor would go annually to the Young Yoe grid warrior who ranked high in citizenship, football ability and leadership and maintained a good academic record.

One of five leading Southwest Conference pass receivers, Williams told his rapt audience of some major differences in Canadian football including: 12 players instead of 11, five backs instead of four, playing field 10 - yards wider and longer than American gridirons and up to 24 - game pro grid seasons.

Coach Jim Speer introduced his three coaching assistants, Max Treedwell, Harrison McClaren and Jerry Hopkins, and about 40 YHS gridgers. Burke also introduced

Cameron school board members Niley J. Smith, Dr. Gus Evans, and Dr. David Shapiro.

Speer also read off the 1960 grid schedule for Cameron which is outlined in an adjacent story.

Williams completed his talk with assurance that a professional football team would be supported by fans in Dallas - Fort Worth area. He played on the ill-fated Dallas Texans in 1952 which went defunct before completing their first season.

He felt that the advent of televised professional football has boosted Southwest spectator interest in the game.

## TP&L Plans 2 Day Open House At Expanded Plan Near Waco

An open house for the public will be held Friday and Saturday at Texas Power & Light Company's new Lake Creek No. 2 steam electric generating unit 18 miles south-east of Waco.

Hundreds of persons from the Central Texas area are expected to visit the large 160,000 kilowatt unit which was recently completed and put in service, company officials said.

The new unit is located adjacent to the TP&L Lake Creek No. 1 unit, 65,000 kilowatts in size, that was placed in service in 1953. The two units make Lake Creek the largest on the TP&L system.

Lake Creek is located near Riesel, off Highway 6, the highway between Waco and Marlin.

Tours for the public will be conducted from 9 a. m. until 6 p. m. Friday and Saturday. TP&L guides will show how the electricity that serves home, farm, business and industry is produced.

Officials said the new unit assures Central Texas an adequate supply of electricity for anticipated future growth. The unit is another in a growing list of plants to be constructed by TP&L over its 32 county service area. Other major TP&L generating stations are Trinidad, near Athens; Stryker Creek, near Nacogdoches; Rivercrest near Paris and Collin, near McKinney.

Visitors will gaze at towering boilers that contain raging steam so hot it could set wood aflame in an instant and melt most metals.

The boiler is 143 feet high and weighs 8 million pounds. The giant turbine is a marvel of precision and balance made with the exactness of a fine watch.

Students from the 8th through the 12th grades in many Central Texas schools are expected to attend the open house Saturday. These students will be given an opportunity to enter an essay contest entitled, "My Impressions at Lake Creek".

Three top prizes will be given for the best essay by students in the 8th and 9th grades and three duplicate prizes will be given for the best essay by students in the 10th through the 12th grades. The prizes for winners in each group will be a \$100, a \$50 and a \$25 Series E Savings Bond. Fifteen Scripto pen and pencil sets will be given the runners up in each group.

Each visitor at the open house will receive an attractive booklet describing the station and its functions. All visitors will also be eligible for door prizes which include an electric range, an electric clothes dryer and six electric post lanterns. There will also be refreshments and special exhibits.

## SW Bell Plans Open House At Dial Building

Southwestern Bell Telephone Company will be host November 18 and 19 for an open house at Cameron's new dial telephone building, C. L. Carson, Southwestern Bell Manager, has announced.

The building at 302 West First Street, will open its doors to the public Wednesday and Thursday, October 18 and 19. Everyone is invited to attend, and preparations are being made to show hundreds of visitors through the building, Carson said.

Visiting hours will be from 10 a. m. to noon, 2 to 5 and 7 to 9 p. m. daily.

"This will be the first opportunity we've had to invite the general public to tour the building since the new dial system was put into operation early last month," Carson said. "We wanted to give everyone in the area a behind-the-scenes look at the system."

A special exhibit will be brought to Cameron to entertain visitors at the open house. It shows how the dial telephone system works.

"They'll also get to see all the complex equipment which was engineered to order and installed here," Carson said.

Telephone men and women will serve as guides to explain the workings of the equipment, Carson said.

Carson urged parents to bring their children to the open house.

Outdoors In Texas . . .  
New Outboard Announced

By Vern Sanford

There's a brand new name in outboard motors. It's the Crofton. Chances are you've never heard of it. We say this because we've just seen one of the first - if not the very first - to come off the assembly line.

It is made in San Diego, Calif. Its maker is the Crofton Marine Engine Co.

This firm has made big, marine engines for many years. Crofton manufactured the Fageol outboard motor for Inventor Lou Fageol for several seasons. Recently, however, the company purchased the Fageol Marine manufacturing rights and with the Fageol building experience as a background, now is producing the Crofton motor.

First to come off the assembly line was a duplicate of the Fageol 53, a 45 h. p. outboard - America's first high - horsepower, four-cylinder - in - line, four - cycle - design motor.

Crofton claims it's the most economical 45 h. p. outboard ever built . . . effecting a sensational 50 per cent fuel savings. Yet advanced publicity stresses the motor's dazzling speed.

Our curiosity was aroused, so we stopped in to ask Clyde Harding about it. Clyde is owner of Harding's Marine Mart in South Austin. He handled the Fageol and now has the Crofton line.

Clyde says that the 45 h. p. Crofton has take - off and acceleration that matches the finest sports cars, yet it throttles down to one - half m.p.h.

That statement was followed by a barrage of questions - not from me, but from Clyde. Here I dashed out to his place to ask about the new motor, and he's the one making questions - like these:

Are you tired of mixing oil with gas for your outboard motor? And worrying whether you mixed the right amount?

Are you disturbed over the fact that it might be too much oil and foul the plugs? Or too little?

Are you changing spark plugs every few months because they have become fouled with oil - mixed gas?

Have you ever become disgusted trying to find a filling station that sells white gas? Or regular, for that matter?

Tired of stopping at a boat dock every hour to get six gallons of gas?

Would you like to have power and economy, both, in an outboard motor?

Have you ever wished that you could dash back to the car, drain out some gas, and use it in that tank that's hooked up to your outboard motor?

Well, I had to admit that these questions, or ones very much like them, had popped up somewhere, sometime, during our boating experience.

And I'm sure that nearly every outboard enthusiast has had the unhappy experience of running out of gas, or running so low that he has been more than a little concerned over being afloat and powerless.

'Eyes To Future'  
Picture Feature**

"Eyes to the Future", a contest calling for identification of business, professional and civic leaders of the community from a pen and ink photographed likeness, will be presented soon in The Cameron Herald.

The feature is now being prepared by Chuck Nickell in association with The Herald.

Purpose of the feature and contest with its remunerative cash awards is to familiarize readers of The Herald with the business, professional and civic people of Cameron in "Eyes to the Future" for the further development of Cameron and its trade territory.

Briefly, the feature will present actual photographs of heads of local men and women attached to caricature bodies that will be drawn the creator on the feature.

The contest will come in identifying these persons and naming their business and profession.

The feature will appear soon and is sponsored by The Herald as a civic goodwill contest. The pictures also will be used in conjunction with future Chamber and Cameron publicity material, according to Publisher Frank Luecke.

## Group Announces Pecan Show Rules

Horticulture sub-committee members of the County Extension committee have announced final eligibility and regulatory rules for the Cameron Pecan Show December 3.

Officials said eligible entries must be made by residents of Milam or adjoining Counties to enter either a junior or senior division. All entries must contain pecans.

A more detailed set of rules has been announced:

1. All entries become the property of the Milam County Home Demonstration Council to be sold

## TSA Advises Safety Belts For Motorists

AUSTIN — Consider these bits of information from the Texas Safety Association as you whiz down the highway in your car:

1. Seat belts cut your chances of getting hurt in an auto accident in half.

2. The risk of death or serious injury in an auto wreck accident is five times greater if you are hurled from the car than if you remain inside. Seat belts help keep you there.

3. Safety men estimate 5,000 lives could be saved each year if seat belts, properly installed, were used in cars.

These are some of the facts safety experts are armed with in their attempt to popularize the use of auto seat belts.

Seat belts, according to TSA, are a positive step a motorist can take toward safety and a constant reminder to keep his safety guard up. Also, contrary to much thinking, seat belts help reduce driving fatigue.

Is the risk of being thrown from your car in a crash exaggerated?

No! Says TSA, which reports that a recent study showed that in actual crashes, 59 percent of the doors open. Of the persons killed, 47 percent were thrown from the car.

However, experts do not claim seatbelts are the sole answer to traffic accident problems, but they do know their widespread use could go a long way in reducing traffic injuries and fatalities.

proceeds to go the H D Council. 2. Entries should be submitted in attractive containers which WILL NOT be returned.

3. All entries must be at the exhibit building before 9:00 a. m., December 3, to be eligible for judging.

Supervisors will receive entries ONLY from 7:30 - 9:00 a. m., at the exhibit building.

4. All entries will be given a number and no other identification will be exhibited.

5. Notice of entries for the Food Division is due in the Home Demonstration agent's office no later than November 25th. Address: P. O. Box 548, Camarin, Texas.

The following information will be required: Name, Address, Division (Junior or Senior), Class one pie, one cake, one dozen cookies, one dozen pieces of candy, yeast breads (one loaf or one dozen rolls), quick breads (one loaf or one dozen rolls).

6. Only one entry in each class may be entered for judging. (It is possible for one person to enter six (6) items).

7. Exhibitors may exhibit the recipe.

8. Entries must be entered under the name of the person preparing the product and in the proper division.

9. Blue, Red, and white ribbons will be awarded to the top three places in each class, on completion of judging.

Judging will begin at 9:15 a. m.

## Pythians Set Meeting Date

Members of Milam Lodge No. 125 Knights of Pythias at their regular meeting Monday night set the date of November 9 for their Annual Roll Call meeting to be held at the Recreation Hall of the First Christian Church. Meeting will start at 7:00 p. m. with Supt. Hugo Horstman and children from the Pythian Home in Weatherford giving the program.

A supper consisting of baked ham, potato salad and all the trimmings will be served by members Lodge opens promptly at 7:30 p. m. of the Lodge prior to the program.

This is an Annual affair of the Pythian Lodges of the State when members of all Pythian Lodges and friends make their gifts to the Thanksgiving and Christmas Cheer Fund.

Cameron's football schedule for 1960's announced and out in the open now. It seems that the Yoe's competitors will once again include West, Rosebud, Rogers, Hearne, and Rockdale as they have this year.

New faces on the schedule are Elgin and A & M Consolidated. Georgetown, Caldwell, and Taylor have met Yoe teams in the past few years.

**VOS**

At the end of football season a trophy two feet high will be presented to the Yoemen's outstanding player.

The boy will be judged on citizenship, football ability, and leadership.

The Yoemen will meet Hearne here at Yoe High School Athletic field next Friday night for the final gridiron tilt of the season. With a recent win under their belts the Yoemen will go on the field as a different team intent

## Maysfield Neighbors Join In Harvesting Potato Crop

By Mrs. J. P. Wise

The men in the neighborhood gathered at the home of Mr. Will Brown recently to plow and haul in his potatoes. Mr. Brown remains ill in St. Edwards hospital. He and Mrs. Brown are grateful to their friends for their kindness. Their son, J. W. Brown, and family of Houston, spent the weekend with them.

Mr. and Mrs. Howel Armistid of Dallas spent the weekend with her parents Mr. and Mrs. John Thweatt.

Mrs. E. D. Kelso has returned home after visiting her daughter Mrs. Kathleen Laud at Ft. Worth and Dr. and Mrs. O. J. Curill at Denton.

Miss Jan Thweatt of Waco spent the weekend with her folks. Mrs. J. A. Jamison of Cameron spent several days with her daughter Mrs. Leroy Massengale.

Mr. and Mrs. Roy Weems, Mr. and Mrs. Milton Weems and Buster spent last Sunday with Mr. and Mrs. Dick Lofton at Navasota. They attended the dedication service at the Navasota Methodist Church. Rev. Asbury Lennox, a former pastor of the local Methodist Church, is pastor of the Navasota Church.

Mrs. Elbert Massengale, Mrs. Tommy Vaughn and Mrs. Edith Newton of Freeport visited friends and relatives here last week.

# The Russian Way...

There is a book on the "best seller" non-fiction list that should invite the interest of every American. It is John Gunther's "Inside Russia Today", a modern view of the Soviet Union through the eyes of the globe-trotting American reporter.

In his book Gunther describes the fantastic program of achievement being urged on the Russian people. It outlines the present poverty and the future ambitions of a people hoping to have as Sen. Lyndon Johnson told a Cameron audience last week, "what we have."

If we wonder why the United States is second to Russia's satellite and missile programs, we have only to note that Russia graduates more doctors and engineers than the U. S. and employs, for example, the 40,000 teachers of English in the Soviet educational system.

We might ask: How many teachers of the Russian language and Russian history are there in our educational system?

Rep. W. R. (Bob) Poage, 11th Congressional District, told a group of Cameron teachers Monday night of the Russian control of every phase of their life. If they need to balance the budget, the government merely raises the price of consumer goods to blacken the ledgers.

Johnson reminded Milam Countians of Nikita Khrushchev's eternal inferiority complex about comparative U. S. - Russian merits. This complex is driving the Russian people, as it opens the way for them, to amazing productive strides.

Gunther sees these things and in seeing them relates the ominous threat to the Western World.

Gunther paints a grim picture, though perhaps in a cursory study of the Soviet people. He points out that things "are not all pie order" as their propaganda would mislead.

Their fear of freedom of thought shows, however, that Russian accomplishment is not only for their material betterment, but for a supreme effort to dominate the world.

We need not speak Russian or Chinese for that matter to gain further understanding of the Communist-indoctrinated Russian sphere. But a break from the limited view that our "American Way of Life" can endure without constant revitalization should be forthcoming. All the beating of the doom drums has reason behind it.

Were we to allow our lethargy to continue to the point of vital conflict, fear could supplant our basic beliefs in things American.

An informed American, free to analyze his problems, is better equipped to cope with the Russian threat than a fearful American who loses faith for lack of preparation.

Khrushchev's Russia knows that "knowledge is power," Gunther and other observers of the Russian scene document Soviet intent to use it.

Sage In Favor Of Movie Actress Trying To Learn Cattle Business

Dear editor:

Brand new ideas are pretty scarce, so when one comes along I go out of my way to recognize it and hold it up to public gaze.

I have now found one and would like to enlist your help in getting it spread around in the right places.

According to an article I read in a newspaper last night, a prominent movie actress a while back bought 500 cows, and then when a bunch of them started dying and having other trouble she turned in on her income tax a claim for expenses involved in learning how to become an efficient cattle raiser.

The government is arguing this is not a legitimate claim, and I would like to see everybody rise up and protest that it is. If we can get the government to recognize it's perfectly legitimate to claim tax deductions for the costs of learning how to raise cattle efficiently, the door will be opened wide for tax relief regardless of how high the tax rate goes. Congress can take the debt ceiling off completely and not bother me.

For example, take my farm out here. If I can claim some deductions for inefficiency, I believe I could manage to get off scott free for years to come. Farming is something it takes years to learn how to do efficiently, and the cost of learning it ought to be deductible.

And, also, in case something slips up and I do have a good farming year with a taxable profit, that'll be the year I take up movie acting, with the cost of learning to be taken off my income tax. I figure my deductions for learning how to become an efficient movie actor will last for years, because it looks like a profession that's hard to learn. At least, I know some movie stars who've been at it for years and haven't succeeded.

Furthermore, this opens up all sorts of possibilities for you town people. The cost of learning how to become an efficient dry goods merchant ought to be deductible. The same applies to grocery-men, bank clerks, filling station men, plumbers, electricians, television repairmen, why even school

# Teachers Seek Special Session

By Vern Sanford

AUSTIN — Should all Texas public school teachers receive a raise, or should higher pay be a reward for being a better teacher?

This is one of the questions being debated as teachers flood Gov. Price Daniel's office with letters asking for a special session of the Legislature next year to hike their salaries.

Other points of controversy: (1) How would you decide which are "better" teachers? (2) How do teacher's salaries compare with those of other college graduates?

Texas State Teachers Association is asking for a \$405 per year boost in the present \$3,204 minimum annual salary.

R. W. Byram, State Board of Education member, has suggested giving teachers examinations to determine which should receive raises on the basis of merit. A bachelor's degree, Byram noted, is not a mark of "exceptional learning" in these days.

Choice, in Byram's view is either better pay for the more competent teachers or a uniform scale pegged at a lower level.

Byram declared that teachers' salaries in the larger Texas cities which pay more than the statewide minimum already compared well with those of other professions. He said a beginning teacher in Houston gets \$444 a month, while a new geologist of petroleum engineer may start from \$375 to \$429 with the necessity of living "where the job is."

A University of Texas job placement official challenged Byram's figures. Joe L. Bruns contended the Houston school pay is tops, not typical, for the state and reminded that teacher pay is for only nine months a year.

On a 12-month basis, said Bruns most Texas teachers average \$267 a month. He said UT's engineering graduates last year started at an average of \$990 per month.

In Austin, he said, the average starting teacher has about \$220 a month take-home pay — not enough "to lure an able young man — particularly a married man."

SENATE COMMITTEES

Lt. Gov. Ben Ramsey has passed out between - sessions study jobs to 29 of the Senate's 31 members.

Key posts went to members who have made up the Senate's conservative leadership for a decade or more. Omitted from committees were Sens. Henry B. Gonzales of San Antonio and Andy Rogers of Childress, both regarded as liberals.

Named by Ramsey to the panels which will do advance research affecting 1961 legislation are:

BOARD: Sens. William S. Fly of Victoria, Wardlow Lane of Center, Crawford C. Martin of Hillsboro and Dorsey B. Hardeman of San Angelo.

TEXAS LEGISLATIVE COUNCIL: Sens. George Moffett of Chillicothe, Preston Smith of Lubbock, Neveille Colson of Navasota, Bruce Reagan of Corpus Christi and Abraham Kazen of Laredo.

COMMISSION ON TAX POLICY: Sens. Fly, George Parkhouse of Dallas and Jimmy Phillips of Angleton. However, Phillips has announced his resignation from the Senate, effective Nov. 2. He will join the legal department of Dow Chemical Company in Freeport.

COMMITTEE TO STUDY COST OF GOVERNMENT: Sens. Floyd Bradshaw of Weatherford, David Ratliff of Stamford, Ray Roberts of McKinney, Louis Crump of San Saba and Culp Krueger of El Campo.

COMMITTEE TO STUDY PROBLEMS OF THE AGED: Sens. Crawford Martin of Hillsboro, Grady Hazlewood of Amarillo, Jep. S. Fuller of Port Arthur, Doyle Willis of Fort Worth and Ratliff, and Roberts.

EDUCATIONAL STANDARDS COMMISSION: Sens. Fly, Bradshaw and Roberts.

COMMISSION ON CITY AND COUNTY GOVERNMENTS: Sens. Robert Baker of Houston, Frank Owen III of El Paso and Crump.

COMMISSION FOR STATE HEALTH AND WELFARE SERVICE: Sens. Bill Wood of Tyler, Owen and Colson.

COMMITTEE ON STATE FISCAL SYSTEM: Sens. Jarrard Secrest of Temple, William T. Moore of Bryan and Crump.

SENATE GENERAL INVESTIGATING COMMITTEE: Sen. A. M. Alkin Jr. of Paris, R. A. Weinert of Seguin, Lane, Hardeman Reagan.

COMMITTEE ON INVESTMENT PRACTICES FOR STATE FUNDS: Sens. Martin Dies Jr., of Lufkin Charles F. Herring of Austin, Herbert Hudson of Brownsville, Lane and Crump.

COMMITTEE ON RADIATION: Sens. Kruger, Regan and Wood.

## Courses Available On Income Taxes

Texas taxpayers of tomorrow should file the most accurate Federal income tax returns to date, according to Gregg C. Waddill of Houston. Mr. Waddill is chairman of the Texas Society of Certified Public Accountants' committee on cooperation with educational institutions.

"Texas CPA's, 3,000 strong, will help - when possible - high school and college teachers in 1,500 Texas schools, give Internal Revenue Service's Teaching Taxes courses", Mr. Waddill said.

# Yoemen Upend Eagles For Conference Win

## Fikes Scores TD, Passes For Second Score To Gay

The Cameron Yoemen came home victors following the Yoemen - Rogers Eagles contest Friday night.

The Yoe took their first win in nine games thus far ending the Eagles, 13 - 8.

Carroll Fikes and Bobby Griswold accounted for the Yoe touchdowns. Fikes went over from the 2 yardline early in the first quarter on a quarterback sneak, off center. Fikes kicked the extra point placing the Yoemen in the lead, 7 - 0.

Rogers came back a minute before the first half ended with a 13 yard pass from Quarterback Jimmy Cowen to end Everett Wright for a touchdown. The extra point pass to Wright from Cowen went good for 2 points ending the first half at 8 - 7 Rogers in the lead.

Cameron didn't come back till midway in the last quarter on a 4-yard completion to Bobby Griswold from Fikes. The TD extra point was kicked by Billy McQueen.

Here's a play by play account of the game:

Rogers took the opening kickoff on their own 40 yardline where Charlie Waits lost 4 yards. Perry Harbor lost 6, and then Harbour punted out 27 yards to the Cameron 47.

Fikes got 2, Ernest Bayer was stopped at the line of scrimmage, and Fikes got 5. Fikes punted good for 52 yards all the way to Rogers 2 yardline.

### Cameron Takes Fumble

Harbour, Eagle back fumbled the ball on the first play with Cameron recovering at the line of scrimmage.

Edward Lierman plunged 4 yards placing the ball up to the 2. Fikes took the ball on a quarterback sneak, off center for a touchdown. Fikes kicked the extra point good for a point, tallying the score now at 7 - 0.

Cowen took the kickoff return and carried back 10 yards to the 30 yardline. Daniel Lesikar go 13. A pass from Cowen to Waits was good for 8 yards. Waits lost 4 and 3 respectively. Maxie Morgan picked up 6 yards to the 42 with 4th down and 17 yards for a first. Harbour punted out to the 20 yardline good for a 32 yard boot.

Bayer got one from Cameron's own 20, Lierman 3, and Parker 6. Fikes booted one good for 40 to the Rogers 45.

Rogers was penalized 15 yards, Cowen got 9 on a keeper. Rogers was penalized again this time for 5 yards. Harbour was stopped with no gain before he booted out to the Cameron 18, good for a 48 yard credit.

Fikes lost 1 and Lierman gained 9 on the wet field ending the first quarter of play.

### Fikes Goes 22

Fikes broke lose for a 22 yard run. Bayer plunged for 2 and Fikes

es was stopped cold at the line of scrimmage. Rogers was penalized 15 yards for a personal foul, giving Cameron a fist down on the Rogers 32. Lierman got away for a 10 yard leap and another first on the 22.

Fikes got 2, Lierman 4, Earl Morgan 0, and Loerman 3 before Rogers took control of the ball on the 13.

Cowen lost 2 and then fumbled giving Cameron the ball on the 20.

Parker was stopped at the line of scrimmage, McQueen got 5, 2 and 0.

Rogers took over on the 11. Pete Castillo got 2 and Waits 4. Harbour punted 38 yards out. Cameron took over on the 48. Lierman lost 5 and gained 4. Rogers end, Everett intercepted a Fikes pass and carried back to the 20. Waits was stopped cold, and then gained 11 and 1 to set up the touchdown play.

Cowen threw one to Wright good for 13 yards and a score. The extra points pass by Cowen to Wright was good putting the Eagles in the lead, 8 - 7.

### Bayer Returns Kickoff

Bayer took the kickoff return and ran it back 15 yards to the Cameron 48. Fikes completed a pass to Bayer for 12 yards and a first down. Fikes missed with a pass, and passed from Fikes to Griswold good for 5 yards. Fikes missed with another ending the first complete half of play.

Both team bands performed at halftime on the wet, sloppy field with some difficulty. It was also difficult to make out the players

numbers in the second half due to muddy jerseys.

Cameron received in the third quarter. Fikes ran the ball back 19 yards. The Yoe took over on the 38 yardline. Lierman got 6, Bayer 1, and Lierman 5, Fikes lost following a first down. Lierman got 4 and 2. Fikes kicked out 34 yards to the 11 where Rogers was penalized 15 yards.

Castillo got a yard, Cowen missed with a toss and Harbour punted out to the 35 good for 35 yards.

Lierman got 1 and 0 Parker 1, and Fikes punted good 26 yards to the Rogers 40.

Cowen lost 6 and Waits gained it back. Rogers suffered a 15 yard penalty. Cowen missed with a pass from the 25 and Harbour punted out 53 yards to the Cameron 22.

### Rogers Recovers

Lierman fumbled the ball and back Charlie Waits recovered on Cameron's 35. A 5 yard penalty against Cameron brought the ball to the 30 where Dyess lost 4 yards. Cowen fumbled and Cameron's Ed Lierman recovered on the next play with the ball on the 30.

Lierman lost 2 yards ending the third quarter with Rogers still in the lead 8 - 7.

Fikes got 5 and Parker 3 previous to Fikes booting the ball downfield to the Rogers 28, the punt being good for 38 yards.

Rogers suffered a 5 yard penalty as soon as they got the ball. They dropped back to pass on the 23 where Bobby Griswold went into the air to haul the ball down on an interception.

## Badgers Blank 'Jackets, 65-0 In Loop Game

The Buckholts Badgers smashed the Flat Yellowjackets 65 - 0 in a district tilt last week with Thomas Tate scoring four TD's.

The Badgers will play their final home game on Homecoming tonight against the Dredell Dragons. The football sweetheart will be crowned.

Tate led all scorers in the Buckholts runaway with scoring jaunts of 9, 32, 6 and 30 - yard runs. Bobby Malovets scored two touchdowns on a 29 - yard run and a 19 - yard return of a pass interception.

Another big scorer for the Buckholts team was Carroll Gene Fuchs who scored on three TD sallies of 12, 6 and 9 yards. David Weber completed Buckholts scoring by catching a pass good for four yards and a TD in the final period.

Weber and Morris Jones were outstanding in a Buckholts defense

Gay got 3, Lierman got 3, and Fikes hit Griswold with a toss good for 9 yards. Fikes got 3. Lierman 1. From the 4 yardline Fikes dropped back and lobbed one into the waiting hands of back Bobby Griswold for Cameron's final score. The extra point kick attempt by McQueen failed.

Rogers took the ball only to hand over to Cameron where the exchanged hands twice more before ending the contest at 13 - 8.

## Cen-Tex Mobile Feed Offers Top Custom Feed Service

"Feed mixed the way you like it," says O. A. White, "is the purpose of our new Daffin feed mills."

He adds that this service is performed on your farm instead of you having to load up your feed and haul it to town and then back to your farm which is not only costly but also time consuming.

With the new Daffin Feedmobile it is possible to grind your home grown grains and roughages the way you like them. It will grind them coarse, medium or fine mix them uniformly with productive feed concentrates . . . blend

liquid molasses into your mix for more palatable and profit - making feed.

#### Many Advantages

The Feedmobile will save you labor because it will put the feed where you want it . . . in bags or in bins. It is a complete feed mill that will grind anything on your farm that is dry and usable for feed and will produce a uniform mix from the first to the last bag every time. The molasses is blended in with no lumps in any reasonable amount you want.

For your convenience the mill

will be accompanied by a feed service truck carrying uncle Johnny, concentrates, grains or anything that you want in your mix that you don't have and will make custom dairy, steer, hog and poultry feed.

Men who operate the mill for the Cen-Tex Mobile Feed Service are Gene Hillman and Henry Haylik. All you need to get this service on your farm is to see or write O. A. White or Dick Ellison or call OX 7-2471. Bo Tittsworth Mobile Feed service as a service agent. His home telephone is OX 7-2835.

## I Give You Texas

By Boyce House

More recollections of a "has been" sports writer:

Vernon was the scene of a district championship game and I made a mistake: I arrived at the field only 30 minutes before the kickoff. The stands, including aisles, were already packed. So I climbed on top of a car back of the press box, jumped and hands pulled me up.

Another time, Childress was the scene of a district title contest. The stands were so crowded that it was impossible to reach the press box, so I obtained permission to get on the sidelines. I made more yardage than any player because Red Rattikin, Childress' great back, ran only when he had the ball but I ran any time anybody had the ball.

Unusual plays recalled: Mike Todd of Crowell, later an Aggie great, broke into the clear against Chillicothe, looked back and saw he was all by himself and so he walked the last six yards across the goal line; the giant end, Rankin Britt of Ranger, caught a pass near the Eastland goal, was tackled by three small players who turned him halfway around and he backed the final five yards for a touchdown, dragging them along; and, at Brownwood, at almost the end of the game, a substitute intercepted an Eastland pass and ran 35 yards, with Eastland men blocking for him and then tackling him behind his own goal line for a safety which gave Eastland a one-point victory!

Being a sports writer has its occasional embarrassments. I was attending the pre-season district dinner which Breckenridge used to host and, during the meal, the man across the table remarked that Coach Schmidt of T. C. U. was listing huge Dan Salkeld, sophomore and end, at 180. In an undertone, I said to the man next to me, "Rags" Matthews, a T. C. U. immortal, "That reminds me that his high school coach used to list Salkeld at 165." Rags, addressing the first speaker, said, "This fellow says", indicating me, and then repeated my remark I blushed and so did the other man. He had been Salkeld's high school coach.

Among the coaches in my Oil Belt day 1920 - 30 were Dave Pena, at Eastland, who had been University of Texas captain; Blair Cherry, at Ranger, later head coach at Texas; Eck Curtis, at Ranger, later backfield coach at Texas; and W. B. Chapman, at Cisco, who went to Lubbock and, after his death in mid-season, his inspired team went on to win the State championship.

Even when I was sports writer in Eastland or Ranger, "Chap" told me I was always welcome to attend any Cisco practice. I never

accepted the invitation but felt honored at what I considered to be a tribute to my fairness and sportsmanship. When I happened to mention this invitation, however, one fan said the coach felt that I knew so little about football that I couldn't have described a play so that the Eastland (or Ranger) coach would know what to be on guard against. But I didn't dignify this statement with a reply; in fact, I forgot the remark a long time ago.

## 4-H Club Notes

By Robert Hoermann

4-H members are starting to put the finishing feed and trimming to their beef steers for the 1960 shows. The major shows will begin in about four months.

David McClaren, County Wide 4-H member, is feeding Shorthorn steer for the Houston Fat Stock Show. David has had Poultry and Dairy demonstrations for past projects.

The major part of his free time is spent leading and grooming his calf. He is feeding the calf a balanced ration that is best for fattening according to A & M College recommendations.

Roy Dean and Henry Tomasek, Jr., Ad Hall 4-H members, are putting several barrows on feed for show purposes.

Presently they have two Poland China barrows, bred by Willie Helms, New Braunfels, and two Yorkshire barrows, bred by Dr. R. M. Tittsworth, Cameron, on feed. They

also plan to feed several Duroc barrows of their own to show.

Arvell Jungmann, County Wide 4-H Club, has been selected by the Program Committee to serve as Master of Ceremonies at the County 4-H Achievement night Program. The program will be held in the Yoe High School Gym in Cameron.

Awards will be given to 4-H members who have completed a project and have entered a 4-H record in the county records program.

Anyone desiring more information about the 4-H program may contact the county extension agent.

Milam county 4-H members have started work on the Christmas float to be entered in the Cameron and Rockdale Christmas parades in December. Each member will have an opportunity to help decorate the float. All members are urged to save their cotton samples to be used in decorating the float. If it is convenient they may bring their cotton samples to the county agents office.

Planning committees for the 4-H Achievement night met during the week and made final plans for the 4-H Achievement night to be held November, 14, at 7:30.

**MISSOURI AWARD** — Alton Fuchs, left, and his father, Leo Fuchs, center, accept a three-year award for top performance tests in national poultry competition at Mt. Grove, Mo. The presentation came at a meeting of 150 leading poultry growers and developers. Ideal Poultry Farm's H-3-W entry led the field over the three-year testing period in Missouri Random Sample tests.

## A & M Mothers Hold Meeting

The A & M Mothers' Club of Milam County had their regular quarterly meeting Thursday evening in the home of Mrs. Niley Smith Sr.

Mrs. Leo Fuchs gave a report on the New Student Chapel building at A & M College. This building was dedicated in May, 1953. Services for all denominations are held there. It is on the Campus convenient for all students. People all over the world contributed to the building of this building.

The club voted to give a donation on a superservice Hi-Fi for the chapel.

Mrs. F. J. Karnowski invited the club to meet with her for the January meeting which was accepted.

Mrs. Smith served cake, ice cream and strawberries.

## County Agent Reports:

# Cattle Are In Good Supply

By J. D. Moore, County Agent

The successful farmer and stockman knows what to do, knows how to do it, knows when to do it, and he does it. Cattle numbers are catching up with demands.

Most cattlemen are making plans to turn their bulls in the pasture for their 1960 and 61 calf crop. Most stockmen are aware of the mother cows that produce the heaviest calves. Now would be a good time to sell off the cows that wean the lighter calves. More efficient cattle operations will be in a better position to withstand the market adjustments that are sure to come.

The ability to gain weight in calves is inherited from both the sire and dam. Of course, the amount of milk produced by the mother cow and good pasture conditions are contributing factors.

Research information from beef

cattle gain performance testing point the way for more efficient beef production. Young herd bulls from sires that have been performance tested are in great demand.

Information is available at the county agents office on checking the weaning weight of calves as a guide to mother cow selection. The combination program of selected cows mated to bulls of known performance records point the way for beef herd improvement.

### Bulls Being Tested

The initial 1959 - 60 report from the beef cattle gain performance test substation at McGregor show four Milam county breeders have bulls entered in the test.

P. H. Perry, Jr. of Rockdale, has three Angus bulls on test sired by two of his Angus herd bulls. Richard W. Ellison of the Baileyville Community, has six Hereford bulls on test sired by three of his herd bulls.

Dick Ellison, also of the Baileyville community, is testing three of his young bulls sired by two of his herd bulls and Leon Noack of Rockdale is testing six young bulls sired by two of his herd sires, making a total of 18 prospective young herd sires on test from cattlemen in Milam County.

"Economic know how" is fast replacing the traditional method of all phases of agricultural production. Cattlemen don't need to work "harder" but those that work "smarter" will be in a better position to stand the "adjustment" that is sure to come.

### Attend Bell County Swine Meet

Marcel Walker of the Sharp community, Berkshire swine breeder and member of the county swine committee, and J. D. Moore, county agent, attended the swine carcass demonstration this week at Temple.

A 195 pound Berkshire barrow won first place rating in the dressed carcass demonstration with a 73.2 dressing percent, 30.1 inch carcass length, 1.37 average back fat thickness, 4.23 square inches of loin eye, 54.2 percent of lean cuts and a carcass value of 19.14 cents per pound.

The "cut out carcass evaluation" of swine is considered a most efficient method of evaluation as a guide toward "meat it-type" hog production.

THESE ARE SOME OF THE NUTS, BOLTS AND SCREWS THAT WERE NOT PUT INTO THE BODY AND FRAME OF THE 1960 PLYMOUTH.

They can't loosen and rattle because they're not there. Instead, Chrysler engineers now bring you Dura-Quiet Unibody: a body and frame that's a single unit welded around 5400 times for super strength. You will feel and hear the difference the first mile you drive the Solid Plymouth for 1960.

Expect a pleasant new experience when you first try the '60 Plymouth. What happened to the "car sounds" you used to think were normal? They're gone, in the new Solid Plymouth. They

were built out of it from the start. And they won't appear later to haunt you, because this car is built to stay quiet for a long, long time.

Quiet durability is only one of the advantages of solid Unibody construction. You'll notice unusual new comfort as well, and new handling ease.

We think this is the best built, best performing car in the low-price class. Try it and see what you think.

## Miss Thornton Reviews Book For Delphians

Miss Mildred Thornton reviewed the book "My Heart Lies South" when the Cameron Delphian Club met Tuesday afternoon.

Miss Mary Randolph was hostess.

During a short business meeting Mrs. Niley Smith was named to fill the office of second vice-president. Mrs. Carol Green, President, led the meeting.

A salad plate, tea and coffee was served following the program. An arrangement of yellow mums centered the refreshment table which was covered with a green linen cloth. Mrs. Green served a salad and Miss Thornton presided at the silver tea service.

Guests included Mrs. E. P. Warner, Mrs. A. H. Hightower and Miss Lois Randolph.

## Poage Addresses Cameron Teachers On Russian Trip

Rep. W. R. (Bob) Poage, 11th Congressional District, Waco, described his recent tour of Russia with a group of U. S. Congressmen in a speech before Cameron classroom teachers Monday night.

Introduced by Supt. Wiley W. Loughmiller, Congressman Poage described the complete controls of Russian way of life even to cost of consumer goods. He said that Russian government can arbitrarily set the cost of goods to maintain a balanced budget.

He told the group that the Russian income is taxed 90 percent. The meeting was held at Ben Milam Cafeteria with about 50 Cameron teachers and visitors in the audience.

Mrs. Beatrice Wiese, mistress of ceremonies, included the Yoe High School chorus, under the direction of Francis Cox. The group presented special vocal music.

Mrs. Imogene Whatley, vice-president of the newly organized Cameron chapter of classroom teachers, introduced special guests Max McClaren, group legislative chairman, gave the invocation.

## Annual Mission Study Held For RA's - GA's

Royal Ambassadors and Girl's Auxiliary participated in an annual mission study Monday at the First Baptist Church.

Leading the study course were Mrs. Clifford Marburger, Mrs. Ida Shumate and Miss Kay Cox.

Supper was served to the 42 Baptist youths in the Education Building under the direction of Mrs. J. H. Angel.

## Garden Club Will Present 11th Show

The Civic Garden Club will present its eleventh Annual Flower Show — "Autumn Festival", a placement show, on November 5, at the home of Mrs. Stanley Vaculin, 1705 N. Harding.

The show will be opened to visitors by invitation only, from 3 to 4 o'clock. Mrs. Charles A. Hensley is the General Chairman.

## Mrs. Robbins To Present Program

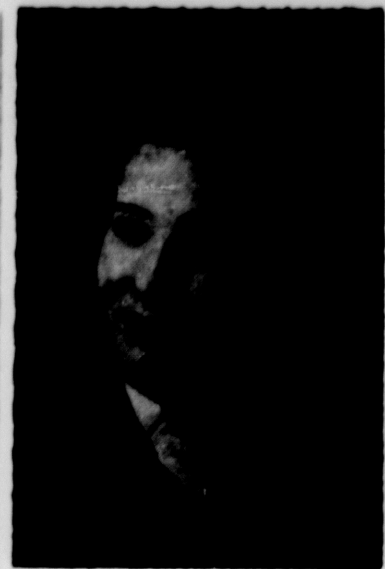

"Supreme Court Division - 5 Years Late" will be the topic discussed by Mrs. K. K. Robbins when the History Club meets next week.

Mrs. James Watson will be hostess for the meeting Tuesday afternoon.

## Merchants Attend Dallas Showings

John Schigut, Jr. Mr. and Mrs. Gene Goldfarb and W. L. McIntosh, all of Cameron, were among the 5,000 buyers and merchants attending the American Fashion Association's Early Spring and Resort Market held in Dallas November 1 through November 6.

The showings, held in the Adolphus and Baker hotels, featured "New Shapes, New Faces" as depicted in the A. F. A. Fashion Merchandising Clinic, held in the Crystal Ballroom of the Baker Hotel on the evenings of November 2 and 3.

## Miss Newton Stars In Austin Drama

Elizabeth Newton, daughter of Dr. and Mrs. W. R. Newton, Cameron, is currently playing the female lead in the play "Rebel's Revenge", at Austin Civic Theatre.

A senior at the University of Texas, Miss Newton is a drama and English major and hopes to follow a professional acting career.

The Austin play will run through November, playing Friday and Saturday nights of each week.

Miss Newton did summer stock work at Shepherd of the Hills Theatre in Branson, Mo., this summer, and appeared in a number of plays at Stephens College, Columbia, Mo.

## Halloween Party Has Horror House Setting

Miss Barbara Jackson and Miss Rebecca Lewis were hostesses for a halloween party Saturday evening.

Costumed classmates of Misses Jackson and Lewis were taken through a "Horror House" set up in a barn at the F. E. Jackson home.

## Baptist Youths Are Entertained

Members of the Junior No. 1 Sunday School Department at the First Baptist Church were honored with a Halloween party Thursday night.

About twenty five 9 and 10 year olds in gay costumes joined in an evening of fun which included a fortune teller, an imaginary airplane ride and a shoe scramble.

Mrs. Tom Boyd was in charge of the party. She was assisted by Mrs. J. D. Moore, Mrs. Wright Price and Mrs. Jimmy Price.

## Cameron Jaycees Attend Seminar On Leadership

Cameron Jaycees Bill Crockett and Richard Williams were among 800 Texas Junior Chamber of Commerce leaders who heard a slate of nationally prominent speakers Sunday at Austin.

Sen. Lyndon Johnson served as co-host of the one-day citizenship seminar, originally planned to be held at his LBJ Ranch west of Austin. But he left the conference to attend the funeral of Mrs. Johnson's brother, Thomas J. Taylor at Shreveport.

Heading the slate of nationally known speakers were Howard E. Butt, Jr., Corpus Christi, RCA President John L. Burnes, House Speaker Sam Rayburn, TV personality Arthur Godfrey, Air Force Secretary James H. Douglas, Connecticut Sen. Dodd, conductor Mitch Miller and C. T. Anderson, national secretary of the Railroad Brotherhood.

"Purpose of the meeting was to bring outstanding American leaders together with outstanding young Texans to discuss major issues and the promise American life holds for the future," Johnson told the group.

U. S. Supreme Court Justice William O. Douglas was unable to make the seminar because of a special court session on the current steel strike.

Both Cameron Jaycees said the seminar was an outstanding event with little said about political campaigns.

The seminar was sponsored jointly by Johnson and the Texas Junior Chamber of Commerce.

Williams is state Jaycee treasurer and Crockett is Cameron Jaycee state director.

## Pack 213 Holds Monthly Meet Tues.

Pack 213 held their monthly pack meeting October 27 at the Simon-George Hall. The meeting was in the form of a Halloween Party with all six dens providing entertainment with such things as the Horror House, Apple Bob, Fortune Teller, Ring the Cat's Tail, Pin the Nose on the Witch, and Pumpkin Toss.
